

CHANGE ROOM POLICY

#SaferTogether

Any person under the age of 10 years must be accompanied by a parent or guardian. If a club staff member (eg.Coach) needs to accompany the child, then there must be at least 2 staff of the same sex.

If your club has disabled athletes, involve them and their carers in deciding how, if applicable, they wish to be assisted to change and ensure they provide full consent to any support or assistance required.

Adults working with children, including but not limited to coaches, umpires, volunteers, staff etc. may not shower or use shower facilities at the same time as the children.

If Adults and young people need to share a changing facility, the club should allocate times for children and times for adults.

Mixed gender teams must have access to separate male and female changing rooms.

If young people need to share changing facilities with adults, their parents/guardians must supervise them while they are changing.

If young athletes are in adult teams, they and their parents must be informed of the club's policy on changing arrangements.

Adults must not change, or shower, at the same time using the same facility as children.

If young people are uncomfortable changing or showering in public changerooms, no pressure should be placed on them to do so. Encourage them to do this at home.

No mobiles phones or any device which can be used to record in anyway, including digital or analog, may be used in the change rooms.
